July 2018

Dear Parents and Carers,

The exam season is now over and, obviously, we hope for the best possible results for all our students. Details about the days when they can come in and pick up results are below. We have over 260 students who have applied for university this year and we hope that they achieve the grades they need to get into the institutions and courses that they have applied for. I am also pleased to confirm that the school has recently won two prestigious awards, for being in the top 10% of schools in the UK, both for student progress and achievement by the end of Yr. 11. Well done to all our students, teachers, parents and governors for helping us to achieve this. A great team effort!

Arrangements for the end of term:
