To the future Year 7s,

Welcome to GHS! What an amazing opportunity this is to advise you about how to be a phenomenal GHS student. Get ready to dive into an oasis of fun as I tell you about what Greenford High School has to offer.

Firstly, GHS teach a variety of different skills and subjects helping you to have a range of different experiences for the future. Importantly, at GHS we want you to feel confident, empowered, unique. We want you to express your potential so you can be the best version of yourself. The first day of High school may be a bit overwhelming as you meet a mixture of pupils and teachers; overtime you will get to know them and how the school works.

A few tips:

- 1. Make sure you have everything in your pencil case**
- 2. Pack your bag the night before**
- 3. Listen to your teacher**
- 4. Work hard**
- 5. Do your homework the same day you receive it**
- 6. Most importantly, be kind**

If you can do all that, then highschool will be like a holiday for you. It is important to be organised in high school as you will never worry about anything being misplaced. Also, you might think the rules about having the correct uniform and the correct equipment are strict. Don't worry this is a good thing as the school is teaching you a life lesson on how to everything with you.

Secondly, GHS offers a mountain full of exciting extra curricular activities and fun experiences for you to enjoy. Some of these include: football, table-tennis, cinema afternoons for the form with the most achievement points, the end-of-year party. I assure you, you will definitely enjoy the end-of-year party. You get to play party games, watch movies, have party food and hang out with your friends. As well as the activities listed above, there are also: spelling bee competitions-wouldn't you like to win a trophy for your school?-, art club, writing club-if you like writing poems or letters you could have it published in a book-, drama club and many many more.

Write a non-fiction letter to a Year 6 student who is coming to GHS in September 2021, advising them how to be a good Greenfordian.

There are also special reward trips for students who work exceptionally well(that could be you!)These include:Maths Camp,Kidzania,Science museum and one of the most sensational things about high school is having the opportunity to go abroad to the delightful country of the language you are learning in class.Also,don't put a weight on yourself.If you want to go to a certain club or make friends with certain people ,do it.

I hope that now you have many ideas of what aspects an outstanding GHS student has and the amazing experiences this school has to offer.I wish you all the luck in the world;I look forward to seeing you in September.This is a quote from Nelson Mandela"Education is the most powerful weapon which you can use to change the world."So don't be afraid to use it,it will help you get through high school so easily.

Good luck
From Kiran Bhachu
