To our year 7 students,

What an exciting opportunity this is to advise you about how you can be a good Greenfordian.

A good student must have a desire and passion to learn and to explore new things. Everything will seem very enjoyable if you think of a school as a place for discovering your talent. Honestly, time management, self discipline, punctuality and responsibility are important qualities to be a good student.

A good student must listen, respect and be polite to everybody. You should take part in class discussions, always listen and pay attention to your teachers when they are explaining something. You must always attend all your lessons and be on time. Doing well in school should be your top priority and you should read everyday for at least 15 minutes. You must always work hard in all your subjects so you can get good grades.

You should always get your bag ready the night before and make sure you are prepared for your lessons with all necessary equipment. You must always try hard to complete all your work on time and to a high standard.

I hope that you now have lots of different ideas about how to be a good Greenfordian. We are looking forward to seeing you putting these ideas into action in September 2021.

We look forward to meeting you in September 2021.

Yours sincerely
