## Curriculum Intent

In education, the 'curriculum' is broadly defined as the '*totality of pupil experiences that occur in the educational process*'.

The intent of the curriculum matches many of Greenford High School's core aims. In essence, we believe that the curriculum should enable all young people to become:

- Successful learners who are **ready** to learn, make progress and achieve.
- **Respectful** & responsible citizens who make a positive contribution to society.
- Confident young people who are able to live **safe**, healthy and fulfilling lives.
- Aspirant individuals who are '**Learning to Succeed**' and, as a result, committed to learning at university, through apprenticeships and throughout their careers.

Our intent is that the Curriculum:

- Provides a broad and balanced curriculum that is truly comprehensive and accessible to all pupils.
- Delivers opportunities for students to learn to be successful, to gain useful, transferable skills whilst also acquiring relevant knowledge.
- Enables high standards of academic achievement where outcomes empower students to progress to Higher Education.
- Affords opportunities for all pupils to develop a high level of literacy and numeracy required for success in the wider curriculum and in adult life.
- Expands students' perspectives through a range of spiritual, moral, social and cultural opportunities to promote their sense of moral and social responsibility.
- Ensures that all pupils are able to thrive and develop as healthy individuals and good citizens.
- Ensures that all pupils are safe and understand how to stay safe.
- Fosters a strength of character, and resilience that will help pupils to cope with choices and overcome the challenges they are likely to encounter in life.
- Provides an appropriate range of opportunities and experiences to inspire pupils to succeed in the next stage in their education, training or employment.

### Highlights
