6th January 2021

Dear Parents / Carers,

The Government has now announced how they will be managing examinations this Summer, and has said that they will be using a 'form of teacher-assessed grades, with training and support provided to ensure that these are awarded fairly and consistently.'

We have not yet been given any information about what this 'form of teacher-assessed grades' will look like or what the training and support will be asking us to do. We therefore continue to request that you do not get concerned about predicted grades, mock exams or other aspects of assessment, and that you do not ask teachers for predicted grades. We are not in a position to give these and await further information from the Government.

We may need to use evidence of learning from this year, and it is very important that students continue to prepare themselves for the next stage of their education. We therefore remind you that Year 10, Year 11 and Year 13 students should continue to engage with remote learning fully, by attending all lessons and completing all work that is set for them.

I will, of course, let you know further details as soon as I can, when we have more information.

Best Wishes,

A handwritten signature in black ink, appearing to read 'M Pye'.

Mrs M Pye
Headteacher
